

Anacostia Watershed Management Committee

Thursday, December 10th, 2009

10:00 a.m. - 1:00 p.m.

Training Center- First Floor

Draft Agenda

**10:00 am Call to Order/Introductions..... Chair Yetman,
Maryland Department
of Natural Resources**

10:05 am Approval of September 19, 2009 Meeting Minutes.....Chair Yetman

**10:10 am AWCAC Chair Report.....Dr. Mary Barber,
AWCAC**

Dr. Barber will report on AWCAC political outreach, follow up to the June 13th AWCAC Advocacy Workshop, watershed signage initiative, river woody debris removal and other top AWCAC priorities and needs.

PLAN DEVELOPMENT

**10:20 am USACE Anacostia Watershed
Restoration Plan Update..... Mr. Dan Bierly,
USACE and
Ms. Dana Minerva,
ARP**

Mr. Bierly will report on: 1) progress made on the completion of subwatershed action plans and 2) project schedule and public involvement. Ms. Minerva will report on both the scope of services and schedule of deliverables to be performed by the Partnership's messaging consultant.

10:50 pm Anacostia Funding Strategy.....Chair Yetman and Ms. Dana Minerva, ARP

Chair Yetman and Ms. Minerva will provide a brief update on the status of the Anacostia Watershed Restoration Funding Strategy. Member feedback will be solicited.

ENVIRONMENTAL MONITORING

11:15 am Anacostia Trash TMDL Monitoring Report.....Mr. Phong Trieu, COG

Mr. Trieu will report on the recent completion of the COG TMDL baseline monitoring report for the Maryland portion of the watershed.

11:35 am Anacostia Trash TMDL Update..... Ms. Anna Kasko, MDE

MDE will report on the on-going activities of the TMDL trash workgroup, including progress made by EPA’s consultant, TetraTech, in developing the draft TMDL.

11:40 am Upper Paint Branch Brown Trout Report.....Mr. Charlie Gougeon, MDDNR

Mr. Gougeon will provide a brief update on the status of the Paint Branch brown trout fishery, including recent electrofishing and red count survey results.

12:00 - 12:30 Lunch Break

RESTORATION IMPLEMENTATION COORDINATION

12:30 am **SHA ICC Report.....Mr. Rob Shreve,
SHA**

Mr. Shreve will provide a brief update on the status of the ICC and related environmental mitigation projects and compliance in the Anacostia watershed. He will highlight mitigation projects that are currently under design and/or underway in the headwaters of the Anacostia.
