

**AGENDA  
STEERING COMMITTEE  
OF THE  
ANACOSTIA WATERSHED RESTORATION PARTNERSHIP  
Thursday, December 15, 2011  
10:00 a.m. to 1:15 p.m.  
Metropolitan Washington Council of Governments  
Board Room, Third Floor  
777 North Capitol Street, NE  
Washington, DC 20002**

Notes:

- A. **IMPORTANT:** During the first part of the meeting, the ad hoc committees created at the Partnership off-site meeting will convene. If you have not been a member of an ad hoc group, you certainly will be welcome to participate, understanding that these groups have already made their recommendations and are now working on “implementation.”
- B. After your ad hoc committee meeting, please attend the full meeting of the Steering Committee. See the agenda below for more details.
- C. Lunch will be served during the Steering Committee meeting.

**I. Simultaneous Meetings of the Ad Hoc Committees**

10:00 – 11:15 a.m.

The Partnership’s off-site meeting identified three priority areas for particular Partnership focus over the next two years. The three areas are: (1) Messaging; (2) Financing; and (3) Demonstrating Approaches. Ad Hoc Committees were formed to make recommendations about these topics and at the October 25 meeting of the Steering Committee, these ad hoc committees made reports.

During the first 75 minutes of the upcoming meeting of the Steering Committee, these committees will work on specific issues associated with the ad hoc committee reports as follows:

- A. Messaging Committee** led by Ms. Besse (DDOE) will meet in the 3<sup>rd</sup> Floor Conference Room
  - 1. Review and refine the draft agenda and other aspects of the MS4 Messaging Workshop found here (Please review the draft workshop agenda attached prior to the meeting.)
- B. Joint Financing Committee and Demonstrating Approaches Committee** led by Mr. Siegel (Cohen Companies) and Ms. Cameron (Audubon Naturalist Society) will meet in the Board Room
  - 1. Brief report by Ms. Cameron on her work to identify alternative/lower cost ESD designs.
  - 2. Brief brainstorming session on how the Partnership might implement the Committee’s recommendation that:

LID-GI costing, benefit and performance data collection and sharing should be integrated into Standard Operating Procedures for public and private land development and construction managers; stormwater managers; and site designers, including engineers; landscape architects, and architects. The Committee and AWRP Steering Committee should identify ways to spur this information collection and sharing so that it will become routine.

3. Discussion of whether the Partnership (or one or more of its members) should apply for one of the referenced grants in order to implement demonstration projects:
  - a. USEPA Urban Waters Small Grant: <http://www.epa.gov/urbanwaters/funding/>
  - b. USEPA Sustainable Chesapeake: A Community-Based Approach to Stormwater Management Using Green Infrastructure: [http://epa.gov/ncer/rfa/2012/2012\\_star\\_chesapeake.html](http://epa.gov/ncer/rfa/2012/2012_star_chesapeake.html)
4. Short report from Dr. Karimi (invited) regarding DDOE's progress toward a design competition. How can the Partnership help?
